INSTALLATION
The Thrii unit is designed for front or rear service access. The unit is suitable for installation into brick, timber or metal prefabricated wall types. To aid installation and ensure alignment within the aperture, the Thrii comes with a support frame and clamps to fix it to the wall aperture.

ELECTRICAL
Power Ratings: 220–240 V 50 Hz, single phase, 2.6 to 3.1 kW (13 Amp fused double pole switched spur)

WASTE
The unit should be fitted with a deep seal waste trap that will accept a pipe size of 1 ¼ “(32mm).

WATER
For optimum operation a dynamic water flow pressure of between 2 & 4 bar is required.
Use a suitable mains water Ø15 mm WRAS approved hose to connect into the push-fit connector on the support frame.

SOAP
There are 2 settings for soap delivery, LIQUID (default) or FOAM.
A range of liquid soaps are available from Wallgate.

DIMENSIONS
Weight: Solid Surface 29.4kg, Stainless Steel 21.8kg
Unit Size: 450mm wide x 870mm high x 310mm depth. (250 mm behind the panel).
An instruction leaflet is supplied with the product and the full operations manual is available via the Wallgate website.

APPROVALS
BS476 Pt 6 Class 0 & 7 Class 1 – fire propagation and surface spread of flame
ISO EN 19712-3:2007 rated 5 for durability, stain resistance, cigarette burns, etc.
